EASY FOR NORMALS

HUSKY WESLEYANS PROVED A "CINCH" FOR BEARCATS

AN EARLY RUSH BLEW UP

Were Unable to Maintain Lead—Capt. Miller Did Notable Work at the Baskets, Getting 13.

With two regulars on the hospital list Maryville Normal still had a rather easy time in defeating the Missouri Wesleyan basketball five Saturday night on the Normal court; score 54-32.

Although the Bearcats were never in serious danger once they were under way, the game was not without interest, The Wesleyan squad was a husky bunch and displayed plenty of fight, but showed lack of experience.

With Richards out of the game with a pair of broken arches and Ham unable to play because of strained ligaments in his back, it was an untried combination that Coach Sims put on the floor at the start of the game, Puckett taking Richards' guard and Summers going to center.

The Wesleyan five, which has so far failed to win a game, started out as if set on reversing the dope, and in the first few minutes threw a genuine scare into the Bearcat supporters. With the visitors getting the tip on each play from center the new Bearcat combination was slow in getting started, and the Wesleyan five was soon in possession of an 8-2 lead, both Maryville points coming on free throws.

Wesleyan's lead was short lived, a field goal by Egley starting the Bearcats on a run that netted eleven field goals, while the Methodists were able to garner but one.Free throws brought the Normal's total for the half to 27, while Wesleyan could count only 14.

Normal scoring in the second half was the same as in the first, eleven field goals and five free throws. Wesleyan also duplicated their first half performance of scoring five field goals but counted four more from the foul line, making the score in this half: Normal 27, Wesleyan 18.

Les Freeburg of Kansas City, refereed. His work was well liked, but too strict to be perfectly satisfactory to either side. Although the game was not rough, thirteen personal fouls were called on Wesleyan and fourteen on the Normal. Sanders of Wesleyan was removed from the game in the first half on four personal fouls, and Egley of the Bearcats was removed for the same reason in the last part of the game. Free throwing for the contesting teams was about even, Holder of Wesleyan, making good twelve of his twenty chances and Puckett making ten out of nineteen for the Bearcats.

Captain Miller of the Bearcats was again the individual star of the game, having thirteen baskets to his credit. A glance over this lad's record for the season stamps him as the best forward in the conference. Fast as lightning on the floor he has an average of 9.6 goals per game against the best guards of opposing teams. His scoring record is as follows: St. Joseph Vets, here 8; Mo. Wes. at Cameron 12; William Jewell at Liberty 2; K. C. Polytechnic at Kansas City 7; Tarkio at Tarkio 6; Midland College here 11; Wm. Jewell here 10; Mo. Wes. here 13.

Egley also played a good game, scoring five goals from the field. The guarding of Scarlett and Puckett was a feature. For the visitors Holder was the leading performer, both in scoring and floor work. The score:

Normal	F.G	F.T.	F.
Miller f	13	0	6
Egley f	5	0	5
Summers c	2	0	1
Scarlett g	2	0	3
Puckett g	0	10	3

WEARS GOLD SERVICE STAR

Bryan Sells' Insignia Designates Him as One of the First Men in Over-Seas Service.

Bryan Sells, home on fifteen days furlough from Camp Eustis, Va., after over-seas service, wears in addition to two gold service stripes a gold star, a much valued emblem, indicating one of the first 50,000 Americans who went over-seas. The casualty list has cut this number down and those who were enfitled to wear the gold star are considerably less than had that number.

Naturally a modest chap, Bryan is loth to talk of his experiences while at the front. He was wounded, having had three ribs broken by a big shell which struck less than twenty feet away. He did not remain in the hospital long, however, returning to his command as soon as his wounds were healed.

"I believe the worst part of the whole business was coming back," said Bryan this morning. "We came

over in a dinky Dutch boat (he gave the name of it, but that don't matter) about so big, and the weather was stormy. I had a real case of seasickness and it was four days before I came up out of the hold. I was glad to see the old U. S. again, but at that I'd rather be back in France than at Camp Eustis." Bryan expects to be dis charged within a short time and he says he'll be mighty glad to get back to home and "cits" again.

QUOTA HALF RAISED

DRIVE FOR ARMENIAN RELIEF FUND STARTED YESTERDAY

SOLICITORS ARE NEEDED

Chairman Wells Says Campaign Will Continue During Week Until Full Quota Has Been Secured.

More than half of Maryville's quota in the drive for funds for Armenian and Syrian relief were secured by the solicitors yesterday, Chairman C. E. Wells reported this morning. Two sections of the city still remain to be canvassed. The hardest problem, said Mr. Wells, is to find solicitors to make the canvass and collection. Mr. Wells said that while everyone had responded who had been called on, that there were too many dollar gifts from persons who were able to give $5 or $10. In a number of instances he said the solicitors had refused to accept all but a small sum from persons who were known to be making a sacrifice. The drive will continue during the week, or until the full quota has been subscribed.

When a cart horse is down, General Booth, founder of the Salvation Army, said, the immediate thing for the men in the neighborhood to do is not to inquire what shall be done in the future to keep horses from falling. It is to get the horse up.

The problem of the cart horse in another form is before the American people today. In Asia Minor is the most urgent and bitter need. History does not record such tragedies as the Armenion massacres. The official Red Cross report makes the matter of fact statement that "of the Armenians, about "1 million were massacred or driven to their death during the summer of 1915 and the remainder were deported from their homes into deserts or other regions where self support was practically impossible."

The survivors need help. Not mereby Armenians, but Syrians, Greeks and other sufferers from the butchery carried out by the Turk with the approval of the German. It is estimated that among these sufferers are 400,000 orphans.

What are you going to do about it? Won't you heed this appeal for help that comes to Maryville?

NEED A FARM HAND?

LOCAL LABOR BUREAU URGES FARMERS TO APPLY AT ONCE

MANY SEEKING PLACES

Returning Soldiers and Sailors Place Application for Positions—Men Cannot Afford to Wait.

The U. S. Labor Bureau, recently established at the Commercial Club rooms, with Geo. A. Pickens, manager for the Replacement of Returning Soldiers, Sailors and Marines, has been receiving many applications for employment. Only today twenty-three were received from returning soldiers from different camps of men in this territory.

The following is the different occupations as indicated on the cards for positions:

Cooper, barrel maker, 1; farmer, 9; telegraph operator, 2; business teacher, 1; telephone man, 1; house painter 1; mechanic, 1; Oxweld, cutter, 1; garrage, chauffeur, 1; carpenter, 1; grocery salesman, 1; hardware salesman, 1; horseman, 1; student, 1.

It is the desire of the Bureau to place the home boys in some position first as it is plainly our duty to take care of our boys who want positions. But in order, especially in the Farm Department, to get the employer and employee together it will be necessary that the farmers arrange to hire their help at once. Not wait up until the time that they commence putting in crops, becauses these men cannot afford to wait, and will be compelled to look elsewhere for employment.

Only this week we have placed two men with farmers, who did not want to start the men in until later but in order to get dependable men they put them to work at once.

The soldiers, sailors and marines who want employment are not only required, by the different camps, where they are being demobilized to fill out the cards, but are assisted in filling them out by the officer in charge, which furnishes a good basis for information of those desiring to employ help.

One of the main difficulties is the lack of applications being made by men who want to hire help. If the men will anticipate their wants and make application to this Bureau on the blanks furnished by the Government, thru this office it will be one of the greatest helps in getting the employer and employee together.

It is urged by the Government Representative, who established the Bureau, that it could be made effective and beneficial to the returning soldiers and people seeking employment, only by the amount of interest taken by employers, churches, and societies, not only referring of inquiries to the Bureau, but by furnishing the Bureau information, as to their probable requirements for help in the near future.

ALLEN GOES TO WASHINGTON

Kansas Governor Will Appear Before House Com. To Answer Charges of Army Inefficiency.

Washington, Feb. 17.—Charging that German airplanes dominated the air and that the artillery fell short in the battle of the Argonne and that it cost the lives of our troops, were reiterated today by Governor Allen, of Kansas, before the house committee. Governor Allen elaborated his story with details and charged there was general inefficiency in army organization of supply in the American Expeditionary Forces.

Washington, Feb. 17.—The appearance of Governor Henry Allen of Kansas before the House Rules committee either today or tomorrow is expected to bring to a focus the charge of neglect and ill treatment of American doughboys, which has been flying about the House since it took up the much disputed army appropriation bills this week.

The congressional probe will answer charges that the American division which included Kansas, Oklahoma and Missouri troops suffered cruelly in the Argonne fighting from lack of artillery and aircraft and medical support, was provided in the resolution sponsored by Representative Campbell of Kansas. Governor Allen has promised to back up his charges.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel — are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "loggy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. 10c and 25c a box. All druggists.

In Time of Peace, Prepare—

The time to prepare for an emergency is before the emergency arises. We did not expect the influenza; we were not ready for it; we lost many lives needlessly. We did not know to whom to turn in our need; we lost time organizing our forces to fight the foe and the foe scored.

Are you going to be responsible for loss of life in your Chapter when this or some other emergency confronts you in the future? You surely will be morally responsible if you spare yourself any effort now in organizing your Relief Organization. Where are your Nurses' Aids? Have you their telephone number? Have you completed your survey? Have you not found unexpected nursing personnel in your community?

Nurses, you are not being drafted. Filling out the questionnaire is simply doing what your government asks of you. We want to know where you are and what you are doing; we want to know if a community has a body of women already interested in the realth of the community or if such a body must be created. We know that a community which possesses nurses is blessed indeed, for they will raise the level fo public health in that community. The community which is poverty stricken in this regard must be safeguarded; you must go to its rescue.

A community's greatest asset is its health.

We depend upon you to teach us, to lead us, to make us see the truth. Fill out your questionnaire.

MRS. EDMUND F. BROWN,
In Charge, Nursing Survey.

The Casual Officers' Rest Club, in Paris, the gift of the American Red Cross to the United States Army, is now in operation, and is filling a long felt need. It will be kept open as long as any American officers remain in France, and provides at a very slight cost a comfortable place for officers on leave, or who are passing through Paris.

The New Head of the Red Cross.

That the Red Cross will continue as a large and active Humanitarian Agency is assured py the recent announcement that Doctor Livington Farrand has accepted the Chairmanship of the Central Committee.

Red Cross officials feel no doubt as to the future success of the Red Cross under the leadersrip of Doctor Farrand. Doctor Farrand's achievements in the Educational and Medical World have been such that he will bring to this work a broad knowledge of the many activities embraced in Red Cross service. As Executive Secretary of the National Association for the study and prevention of tuberculosis, as Treasurer of the American Public Health Association and as editor of the American Journal of Public Health, he enters upon his new office with a fund of knowledge and experience relating to the most generally recognized relief factor —Public Health.

Since our entrance into the war Doctor Farrand ras been in charge of the Tuberculosis Relief Work in France. To carry on this work Dr. Farrand was on leave of absence from the University of Colorado, the presidency of which he resigned to become the head of the Red Cross. In making the announcement of Doctor Farrand's appointment, Mr. Henry C. Davison, chairman of the War Council, stated that the Red Cross has secured as its future head the man of all men best fitted to carry on this work, and that on March 1, when Dr. Farrand assumes ris new duties and announces the Peace Program of the Red Cross, every Chapter in the country will realize that Red Cross work will and must go on.

DAILY HEALTH TALKS

A Single Remedy Often Cures Many Diseases

BY VALENTINE MOTT, M. D.

It is almost impossible to give a list of the endless diseases that follow indigestion. Perhaps a whole column in this newspaper would be required to print them all. You eat to keep alive—to supply blood and flesh and bone and muscle and brain. It is easy to see that if your food is not digested and taken up by the delicate organs and distributed where it is needed, a disease of some sort is sure to come. Dyspepsia is a common symptom, and so are liver complaint, loss of flesh, nervousness, bad memory, dizziness, sleeplessness, no appetite. Many times, when neglected, indigestion results in coughs, throat diseases, catarrh, bronchitis and even more dangerous things. And all these disorders arise because the food is not properly digested in the stomach. It is plain even to a child that relief and cure are to be had only by setting up a healthy condition in the stomach. Dr. Pierce, of Buffalo, N. Y., many years ago combined a number of vegetable growths into a temperance remedy for indigestion, and called it Golden Medical Discovery. It is probably the most efficacious discovery ever made in medicine, for the list of people all over the world who have had their countless ills overcome by Dr. Pierce's Golden Medical Discovery makes an amazing total of thousands.

I know of no advice better than this: Begin a home treatment today with this good vegetable medicine. It will show you better than I can tell you what it will do. When taking Golden Medical Discovery, you can rest assured of one very important thing—it contains neither alcohol nor opiates. There is nothing in it but standard roots and herbs that possess curative properties of a high order. A safe medicine is the only kind you can afford to take.

NEBRASKA JUDGE NOW ENDORSES IT

Hon. B. F. Whittington Has Gained Twenty Pounds by Taking Tanlac—Wants to Help Others.

One of the latest additions to the long list of prominent men in public life, who have endorsed Tanlac, is the name of Hon. B. F. Whittington, judge of the Rolston Court, South Omaha, Nebraska. In relating his experience with the medicine, Judge Whittington said:

"The results I have obtained from Tanlac seem wonderful to me. Before I began taking it, my realth was broken in many ways. My liver was all out of fix, I was habitually constipated and bilious. I was so frightully dizzy most of the time, that I could not stoop over for fear of falling. My kidneys were out of order and I had fearful pains in the small of my back. I could eat but my food did me no good. Sleep failed to rest me and I felt tired and worn out all the time. I had been in this condition for a year and we becoming badly worried as nothing seemed to reach my case.

"I had fallen off twenty pounds in weight as a result of my troubles, but I have gained it all back by using Tanlac and have never felt better in my life. I felt like a new man before I finished my first bottle. I took five bottles and now I haven't an ache or pain and am feeling great. I eat like a farm hand, sleep like a log and get up in the morning feeling fine. I gladly give this statement for wrat it may be worth to others who are trying to find relief."

Tanlac is sold in Maryville by the Koch Pharmacy, Conception Junct., by A. M. Colly, Pickering, by H. M. Lincoln, Burlington Junction by Carter Pharmacy.—Adv.

DRESSMAKER SAVED FROM OPERATION

By Taking Lydia E. Pinkham's Vegetable Compound in Time.

Ithaca, N.Y.—"Three years ago I suffered from pains in my right side, so severe that I could not raise my feet from the floor. Pains would shoot down my limbs and through my back, and the doctor said I had an abscess. I was in bed two weeks with an icebag on my side and expected any day that I might have to go to a hospital for an operation. A friend came to see me and told me of your wonderful medicine—Lydia E. Pinkham's Vegetable Compound. I began taking it, and after taking six bottles I feel well and strong, do my own work and do dressmaking for others. I cannot speak too highly of your medicine and recommend it to others who suffer with female trouble. It is a Godsend to ailing women, and you may use my name at any time."—Mrs. PERMILLA HULSIZER, 218 E. Fall St., Ithaca, N.Y.

Women who suffer from any such ailments should not fail to try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound.

A GREAT ECONOMY BECAUSE OF EXTRA WEAR

"After a trip to Kilauea, the active volcano of Hawaii, my Neōlin-soled shoes were the only ones not absolutely ruined. Many in our party wore hob-nailed boots," said Miss Jean P. Lane of Seattle, Washington.

The sharp jagged lava of Kilauea cuts an ordinary sole to pieces quickly. That Neōlin Soles stood the test but emphasizes their toughness and durability. These qualities are built into them by a scientific process. Women—and men and children, too—who are hard on shoes should buy them with Neōlin Soles. They come in many styles, and because of the extra wear they give, are a great economy.

And any repairman will re-sole your worn shoes with Neōlin Soles, which are flexible and waterproof as well as long-wearing. They are made by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels, guaranteed to outwear all other heels.

EASY FOR NORMALS

HUSKY WESLEYANS PROVED A "CINCH" FOR BEARCATS

AN EARLY RUSH BLEW UP

Were Unable to Maintain Lead—Capt. Miller Did Notable Work at the Baskets, Getting 13.

With two regulars on the hospital list Maryville Normal still had a rather easy time in defeating the Missouri Wesleyan basketball five Saturday night on the Normal court; score 54-32.

Although the Bearcats were never in serious danger once they were under way, the game was not without interest. The Wesleyan squad was a husky bunch and displayed plenty of fight, but showed lack of experience.

With Richards out of the game with a pair of broken arches and Ham unable to play because of strained ligaments in his back, it was an untried combination that Coach Sims put on the floor at the start of the game, Puckett taking Richards' guard and Summers going to center.

The Wesleyan five, which has so far failed to win a game, started out as if set on reversing the dope, and in the first few minutes threw a genuine scare into the Bearcat supporters. With the visitors getting the tip on each play from center the new Bearcat combination was slow in getting started, and the Wesleyan five was soon in possession of an 8-2 lead, both Maryville points coming on free throws.

Wesleyan's lead was short lived, a field goal by Egley starting the Bearcats on a run that netted eleven field goals, while the Methodists were able to garner but one. Free throws brought the Normal's total for the half to 27, while Wesleyan could count only 14.

Normal scoring in the second half was the same as in the first, eleven field goals and five free throws. Wesleyan also duplicated their first half performance of scoring five field goals but counted four more from the foul line, making the score in this half: Normal 27, Wesleyan 18.

Les Freeburg of Kansas City, refereed. His work was well liked, but too strict to be perfectly satisfactory to either side. Although the game was not rough, thirteen personal fouls were called on Wesleyan and fourteen on the Normal. Sanders of Wesleyan was removed from the game in the first half on four personal fouls, and Egley of the Bearcats was removed for the same reason in the last part of the game. Free throwing for the contesting teams was about even, Holder of Wesleyan, making good twelve of his twenty chances and Puckett making ten out of nineteen for the Bearcats.

Captain Miller of the Bearcats was again the individual star of the game, having thirteen baskets to his credit. A glance over this lad's record for the season stamps him as the best forward in the conference. Fast as lightning on the floor he has an average of 9.6 goals per game against the best guards of opposing teams. His scoring record is as follows: St. Joseph Vets, here 8; Mo. Wes. at Cameron 12; William Jewell at Liberty 2; K. C. Polytechnic at Kansas City 7; Tarkio at Tarkio 6; Midland College here 11; Wm. Jewell here 10; Mo. Wes. here 13.

Egley also played a good game, scoring five goals from the field. The guarding of Scarlett and Puckett was a feature. For the visitors Holder was the leading performer, both in scoring and floor work. The score:

Normal	F.G	F.T.	F.
Miller f	13	0	6
Egley f	5	0	5
Summers c	2	0	1
Scarlett g	2	0	3
Puckett g	0	10	3
Yehle f	0	0	1
Pickens g	0	0	1
Totals	22	10	20

Holder c	5	12	2

WEARS GOLD SERVICE STAR

Bryan Sells' Insignia Designates Him as One of the First Men in Over-Seas Service.

Bryan Sells, home on fifteen days furlough from Camp Eustis, Va., after over-seas service, wears in addition to two gold service stripes a gold star, a much valued emblem, indicating one of the first 50,000 Americans who went over-seas. The casualty list has cut this number down and those who were enfitled to wear the gold star are considerably less than had that number.

Naturally a modest chap, Bryan is loth to talk of his experiences while at the front. He was wounded, having had three ribs broken by a big shell which struck less than twenty feet away. He did not remain in the hospital long, however, returning to his command as soon as his wounds were healed.

"I believe the worst part of the whole business was coming back," said Bryan this morning. "We came

over in a dinky Dutch boat (he gave the name of it, but that don't matter) about so big, and the weather was stormy. I had a real case of seasickness and it was four days before I came up out of the hold. I was glad to see the old U. S. again, but at that I'd rather be back in France than at Camp Eustis." Bryan expects to be dis charged within a short time and he says he'll be mighty glad to get back to home and "cits" again.

QUOTA HALF RAISED

DRIVE FOR ARMENIAN RELIEF FUND STARTED YESTERDAY

SOLICITORS ARE NEEDED

Chairman Wells Says Campaign Will Continue During Week Until Full Quota Has Been Secured.

More than half of Maryville's quota in the drive for funds for Armenian and Syrian relief were secured by the solicitors yesterday, Chairman C. E. Wells reported this morning. Two sections of the city still remain to be canvassed. The hardest problem, said Mr. Wells, is to find solicitors to make the canvass and collection. Mr. Wells said that while everyone had responded who had been called on, that there were too many dollar gifts from persons who were able to give $5 or $10. In a number of instances he said the solicitors had refused to accept all but a small sum from persons who were known to be making a sacrifice. The drive will continue during the week, or until the full quota has been subscribed.

When a cart horse is down, General Booth, founder of the Salvation Army, said, the immediate thing for the men in the neighborhood to do is not to inquire what shall be done in the future to keep horses from falling. It is to get the horse up.

The problem of the cart horse in another form is before the American people today. In Asia Minor is the most urgent and bitter need. History does not record such tragedies as the Armenion massacres. The official Red Cross report makes the matter of fact statement that "of the Armenians, about "1 million were massacred or driven to their death during the summer of 1915 and the remainder were deported from their homes into deserts or other regions where self support was practically impossible."

The survivors need help. Not mereby Armenians, but Syrians, Greeks and other sufferers from the butchery carried out by the Turk with the approval of the German. It is estimated that among these sufferers are 400,000 orphans.

What are you going to do about it?

Won't you heed this appeal for help that comes to Maryville?

Every attention has been given both to detail and selection of a coterie of clever talent.

NEED A FARM HAND?

LOCAL LABOR BUREAU URGES FARMERS TO APPLY AT ONCE

MANY SEEKING PLACES

Returning Soldiers and Sailors Place Application for Positions—Men Cannot Afford to Wait.

The U. S. Labor Bureau, recently established at the Commercial Club rooms, with Geo. A. Pickens, manager for the Replacement of Returning Soldiers, Sailors and Marines, has been receiving many applications for employment. Only today twenty-three were received from returning soldiers from different camps of men in this territory.

The following is the different occupations as indicated on the cards for positions:

Cooper, barrel maker, 1; farmer, 9; telegraph operator, 2; business teacher, 1; telephone man, 1; house painter 1; mechanic, 1; Oxweld, cutter, 1; garrage, chauffeur, 1; carpenter, 1; grocery salesman, 1; hardware salesman, 1; horseman, 1; student, 1.

It is the desire of the Bureau to place the home boys in some position first as it is plainly our duty to take care of our boys who want positions. But in order, especially in the Farm Department, to get the employer and employee together it will be necessary that the farmers arrange to hire their help at once. Not wait up until the time that they commence putting in crops, becauses these men cannot afford to wait, and will be compelled to look elsewhere for employment.

Only this week we have placed two men with farmers, who did not want to start the men in until later but in order to get dependable men they put them to work at once.

The soldiers, sailors and marines who want employment are not only required, by the different camps, where they are being demobilized to fill out the cards, but are assisted in filling them out by the officer in charge, which furnishes a good basis for information of those desiring to employ help.

One of the main difficulties is the lack of applications being made by men who want to hire help. If the men will anticipate their wants and make application to this Bureau on the blanks furnished by the Government, thru this office it will be one of the greatest helps in getting the employer and employee together.

It is urged by the Government Representative, who established the Bureau, that it could be made effective and beneficial to the returning soldiers and people seeking employment, only by the amount of interest taken by employers, churches, and societies, not only referring of inquiries to the Bureau, but by furnishing the Bureau information, as to their probable requirements for help in the near future.

ALLEN GOES TO WASHINGTON

Kansas Governor Will Appear Before House Com. To Answer Charges of Army Inefficiency.

Washington, Feb. 17.—Charging that German airplanes dominated the air and that the artillery fell short in the battle of the Argonne and that it cost the lives of our troops, were reiterated today by Governor Allen, of Kansas, before the house committee. Governor Allen elaborated his story with details and charged there was general inefficiency in army organization of supply in the American Expeditionary Forces.

Washington, Feb. 17.—The appearance of Governor Henry Allen of Kansas before the House Rules committee either today or tomorrow is expected to bring to a focus the charge of neglect and ill treatment of American doughboys, which has been flying about the House since it took up the much disputed army appropriation bills this week.

The congressional probe will answer charges that the American division which included Kansas, Oklahoma and Missouri troops suffered cruelly in the Argonne fighting from lack of artillery and aircraft and medical support, was provided in the resolution sponsored by Representative Campbell of Kansas. Governor Allen has promised to back up his charges.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel — are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "loggy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. Use and 25c a box. All druggists.

In Time of Peace, Prepare—

The time to prepare for an emergency is before the emergency arises. We did not expect the influenza; we were not ready for it; we lost many lives needlessly. We did not know to whom to turn in our need; we lost time organizing our forces to fight the foe and the foe scored.

Are you going to be responsible for loss of life in your Chapter when this or some other emergency confronts you in the future? You surely will be morally responsible if you spare yourself any effort now in organizing your Relief Organization. Where are your Nurses' Aids? Have you their telephone number? Have you completed your survey? Have you not found unexpected nursing personnel in your community?

Nurses, you are not being drafted. Filling out the questionnaire is simply doing what your government asks of you. We want to know where you are and what you are doing; we want to know if a community has a body of women already interested in the realth of the community or if such a body must be created. We know that a community which possesses nurses is blessed indeed, for they will raise the level fo public health in that community. The community which is poverty stricken in this regard must be safeguarded; you must go to its rescue.

A community's greatest asset is its health.

We depend upon you to teach us, to lead us, to make us see the truth. Fill out your questionnaire.

MRS. EDMUND F. BROWN,
In Charge, Nursing Survey.

The Casual Officers' Rest Club, in Paris, the gift of the American Red Cross to the United States Army, is now in operation, and is filling a long felt need. It will be kept open as long as any American officers remain in France, and provides at a very slight cost a comfortable place for officers on leave, or who are passing through Paris.

The New Head of the Red Cross.

That the Red Cross will continue as a large and active Humanitarian Agency is assured py the recent announcement that Doctor Livington Farrand has accepted the Chairmanship of the Central Committee.

Red Cross officials feel no doubt as to the future success of the Red Cross under the leadersrip of Doctor Farrand. Doctor Farrand's achievements in the Educational and Medical World have been such that he will bring to this work a broad knowledge of the many activities embraced in Red Cross service. As Executive Secretary of the National Association for the study and prevention of tuberculosis, as Treasurer of the American Public Health Association and as editor of the American Journal of Public Health, he enters upon his new office with a fund of knowledge and experience relating to the most generally recognized relief factor—Public Health.

Since our entrance into the war Doctor Farrand ras been in charge of the Tuberculosis Relief Work in France. To carry on this work Dr. Farrand was on leave of absence from the University of Colorado, the presidency of which he resigned to become the head of the Red Cross. In making the announcement of Doctor Farrand's appointment, Mr. Henry C. Davison, chairman of the War Council, stated that the Red Cross has secured as its future head the man of all men best fitted to carry on this work, and that on March 1, when Dr. Farrand assumes ris new duties and announces the Peace Program of the Red Cross, every Chapter in the country will realize that Red Cross work will and must go on.

DAILY HEALTH TALKS

A Single Remedy Often Cures Many Diseases

BY VALENTINE MOTT, M. D.

It is almost impossible to give a list of the endless diseases that follow indigestion. Perhaps a whole column in this newspaper would be required to print them all. You eat to keep alive—to supply blood and flesh and bone and muscle and brain. It is easy to see that if your food is not digested and taken up by the delicate organs and distributed where it is needed, a disease of some sort is sure to come. Dyspepsia is a common symptom, and so are liver complaint, loss of flesh, nervousness, bad memory, dizziness, sleeplessness, no appetite. Many times, when neglected, indigestion results in coughs, throat diseases, catarrh, bronchitis and even more dangerous things. And all these disorders arise because the food is not properly digested in the stomach. It is plain even to a child that relief and cure are to be had only by setting up a healthy condition in the stomach. Dr. Pierce, of Buffalo, N. Y., many years ago combined a number of vegetable growths into a temperance remedy for indigestion, and called it Golden Medical Discovery. It is probably the most efficacious discovery ever made in medicine, for the list of people all over the world who have had their countless ills overcome by Dr. Pierce's Golden Medical Discovery makes an amazing total of thousands.

I know of no advice better than this: Begin a home treatment today with this good vegetable medicine. It will show you better than I can tell you what it will do. When taking Golden Medical Discovery, you can rest assured of one very important thing—it contains neither alcohol nor opiates. There is nothing in it but standard roots and herbs that possess curative properties of a high order. A safe medicine is the only kind you can afford to take.

NEBRASKA JUDGE NOW ENDORSES IT

Hon. B. F. Whittington Has Gained Twenty Pounds by Taking Tanlac—Wants to Help Others.

One of the latest additions to the long list of prominent men in public life, who have endorsed Tanlac, is the name of Hon. B. F. Whittington, judge of the Rolston Court, South Omaha, Nebraska. In relating his experience with the medicine, Judge Whittington said:

"The results I have obtained from Tanlac seem wonderful to me. Before I began taking it, my realth was broken in many ways. My liver was all out of fix, I was habitually constipated and bilious. I was so frightully dizzy most of the time, that I could not stoop over for fear of falling. My kidneys were out of order and I had fearful pains in the small of my back. I could eat but my food did me no good. Sleep failed to rest me and I felt tired and worn out all the time. I had been in this condition for a year and we becoming badly worried as nothing seemed to reach my case.

"I had fallen off twenty pounds in weight as a result of my troubles, but I have gained it all back by using Tanlac and have never felt better in my life. I felt like a new man before I finished my first bottle. I took five bottles and now I haven't an ache or pain and am feeling great. I eat like a farm hand, sleep like a log and get up in the morning feeling fine. I gladly give this statement for wrat it may be worth to others who are trying to find relief."

Tanlac is sold in Maryville by the Koch Pharmacy, Conception Junct., by A. M. Colly, Pickering, by H. M. Lincoln, Burlington Junction by Carter Pharmacy.—Adv.

Warm beds and open windows make the eyes clear in the morning.

The ceremony was performed at early mass at 5:30 o'clock by the Rev. Father Odillo. The bridal couple were attended by the bride's brother and his wife, Mr. and Mrs. William Linneman at whose home a wedding breakfast was served after the ceremony. Only the immediate members of the family were present at the ceremony and breakfast. Among the guests were the Misses Margaret and Rose Clementish of Carpio, daughters of the groom, who came to attend the wedding and Edward Linneman from Camp Custer, Mich., who is spending a two weeks furlough with the home folks. Mr. and Mrs. Clementish left on the morning train for St. Joseph and later in the day they were joined by the Misses Clementish and the bride's four young sons, Andrew, Charles, Albert and George, and will leave this evening for their home at Carpio. Herman Linneman, a nephew of the bride accompanied them to Carpio for a visit. Mrs. Clementish has been employed for some time at the Remus store and previous to that at Eversole's and has many acquaintances whose well wishes follow her to her new home. The groom is one of the largest ranch owners in North Dakota and their home will be on tre Clementish ranch.

WAR VETS ORGANIZE.

Stamford, Conn., Feb. 17.—What is believed to be the first organization of veterans of the great world war has been started here. Twenty veterans gathered here and planned for the local branch and expect to extend the organization into many cities and towns. DRESSMAKER SAVED FROM OPERATION

By Taking Lydia E. Pinkham's Vegetable Compound in Time.

Ithaca, N.Y.—"Three years ago I suffered from pains in my right side, so severe that I could not raise my feet from the floor. Pains would shoot down my limbs and through my back, and the doctor said I had an abscess. I was in bed two weeks with an icebag on my side and expected any day that I might have to go to a hospital for an operation. A friend came to see me and told me of your wonderful medicine—Lydia E. Pinkham's Vegetable Compound. I began taking it, and after taking six bottles I feel well and strong, do my own work and do dressmaking for others. I cannot speak too highly of your medicine and recommend it to others who suffer with female trouble. It is a Godsend to ailing women, and you may use my name at any time."—Mrs. PERMILLA HULSIZER, 218 E. Fall St., Ithaca, N.Y.

Women who suffer from any such ailments should not fail to try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound.

A GREAT ECONOMY BECAUSE OF EXTRA WEAR

"After a trip to Kilauea, the active volcano of Hawaii, my Neolin-soled shoes were the only ones not absolutely ruined. Many in our party wore hob-nailed boots," said Miss Jean P. Lane of Seattle, Washington.

The sharp jagged lava of Kilauea cuts an ordinary sole to pieces quickly. That Neolin Soles stood the test but emphasizes their toughness and durability. These qualities are built into them by a scientific process. Women—and men and children, too—who are hard on shoes should buy them with Neolin Soles. They come in many styles, and because of the extra wear they give, are a great economy.

And any repairman will re-sole your worn shoes with Neolin Soles, which are flexible and waterproof as well as long-wearing. They are made by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels, guaranteed to outwear all other heels.
